TO WHOM IT MAY CONCERN

This is to confirm that Alexa Security Solutions has been providing a Security service at Panorama Medi-Clinic for the past few years. The service includes the monitoring of our CCTV system, as well as patrolling our parking areas and providing access control at our Medical Centre.

We have a very good relationship with the company, which enables us to address issues openly, to the benefit of both parties. The security officers have a very neat appearance and they contribute towards the professional image of the hospital – a few of the officers have even been nominated as employee of the month for the hospital.

Should you need more information, you are welcome to contact me.

B. Taylor

Christine Taylor
