FAX: (021) 464-5255**

14<sup>th</sup> August 2009

Reference: Alexa Security

This serves to confirm that Alexa Security oversees the security of all Western Cape Sportsmans Warehouse stores covering daytime guarding. Their scope of work includes external risk minimization (shoplifting, robbery) as well as internal theft. We have found their level of service to be more than satisfactory.

Particularly pleasing is the availability of their Senior Management team in times of need. They are extremely professional.

I can recommend their services without hesitation.

Kevin Lennett  
Operations Executive  
Moresport
