TO WHOM IT MAY CONCERN:

REFERENCE: ALEXA SECURITY SOLUTIONS:

It has been my pleasure to be associated with Alexa Security Solutions (formerly known as Alexandra Security) for the last 5 years.

Alexa Security Solutions have provided outstanding "hands on" security to our hotel during this entire period.

They are considered to be one of our official business partners and I have no hesitation in recommending their high level of service. Please feel free to contact me directly should you require any further information, and I will gladly facilitate the same.

Yours sincerely
